## DANIELS EXONERATED OF GURLEY KILLING

Evidence Before Coroner's Jury Shows He Fired At Irvine Officer in Self Defense

At the coroner's inquest over the body of Chief of Police Gurley at Irvine Monday morning, Harry Daniels, who shot him to death, was exonerated on the grounds that he had done so in self-defense, according to word brought here from Irvine by several Richmond men who were there at the time.

They say that the testimony introduced before the coroner's jury showed plainly that Gurley was drunk. Several Richmond men said Monday they saw him drunk here Sunday afternoon.

It seemed that for some reason or other Gurley wanted to arrest Daniels. The latter went with him to the police station, but reconstituted with him for the arrest. Daniels told Gurley that he had done nothing to be arrested for, and besought him not to do so.

However, Gurley was determined to do so, it seemed, and when the two got into the station house, Gurley pulled out his gun and threatened to kill Daniels. The latter told the officer he had done nothing to be shot for, but seeing that Gurley was going to fire anyway, he grabbed his hand containing the gun and wrestled it away from him.

No sooner, however, had he taken the pistol from Gurley than the officer reached with his other hand for another pistol and drew it on Daniels. Then Daniels shot and killed Gurley. The shot the officer twice, one bullet striking him in the head and the other in the neck.

## EASTERN HAS HARD GAME WEDNESDAY

Eastern's basketball live will have Cumberland College as their next opponents at the Madison gym Wednesday night at 7:30. The locals have a tough nut to crack when they go up against the Cumberland live. Cumberland has not lost a game this season. It is a very fast team, but will have its hands full when it faces Eastern. Among Cumberland's victims is the University of Louisville, defeated last week by a 30 to 19 score.

Eastern will endeavor to get on the winning side again Wednesday, as they lost their only game of the season Saturday before last to Union College. One thing in favor of the maroon and white team is that they have never lost a game on the home floor this season and are going to fight hard not to lose before the local fans, having already put over three victories on strong teams before Richmond's basketball admirers.

Eastern's team will be met against Cumberland. No man on the squad is suffering with injury and Coach Hembree reports that his team is ready for the invaders. Clark and Byrd will start at forwards for Eastern, with Stephenson at center and Conliss and Maimons at guards.

Clark and Byrd are two steady performers at the forward positions for Mentor Hembree. He has instilled a fighting spirit in these two men that is hard to beat. They are both fine shot at the basket and pass well. In manufacturing points these men will be helped at center by Stephenson, the tall lad who has played that position so well up to this time. He is not through playing well by any means, and is sure to put up a great game for Eastern Wednesday night.

Eastern plays again here next Saturday with her ancient rival, Western State Normal. This will also be a fine game. The game Wednesday starts at 7:30. Admission 35c.

**Boys' Suits and Overcoats at a great sacrifice in Stanifer's Clearance Sale now going on.**

Rev. Taylor, of Richmond, preached his farewell sermon at the Baptist church Sunday—Livingston correspondent in Mt. Vernon Signal.

## Today's Weather

Increasing cloudiness, followed by rain Wednesday and in western portion tonight; no change in temperature.

## MONSTROUS QUAKE SOMEWHERE IN SOUTH

(By Associated Press)  
Washington, Jan. 31.—An earthquake of the greatest intensity, probably 2,000 miles south of here, was registered early today on the Georgetown University seismograph. The quake began at 8:25 a. m. and ten minutes later, the tremors threw the registering needles off of the scale. It also registered at the weather bureau where officials described it as "monstrous."

## LOSES FINGER IN FALL FROM CLIFF

Mose Hill, an aged farmer of the College Hill section, fell down a cliff while cutting brush Tuesday morning and broke his third finger on his right hand. It was so badly mangled that Dr. G. F. Hill had to amputate it close to the hand. Some years ago Mr. Hill had this finger and the little finger on the same hand badly mangled.

## NORMAN WINKLER SERIOUSLY STABBED

Norman Winkler, well known young man of the eastern section of the city, is at a hospital with a knife stab wound in a lung, close to his heart, which he says was inflicted by Jesse Cam at an early hour Tuesday morning. Police are hunting for Cam, but have not been able to find him.

Winkler and his father, Sid Winkler, say that Cam, together with George and Clay Hopper, were with Norman Winkler when the trouble began. The Winklers claim that after Norman had been stabbed, the others dragged him toward the freight depot, threatening that they were going to kill him. Police say that the elder Winkler ran for a butcher knife, which he obtained, and that Clay Hopper told him if he would give him the knife he would make the other boys let Norman alone. He did so, and the wounded man was brought to the hospital in a serious condition, the physicians say.

## JACKSON CO. MEN WORK FOR ROAD

A delegation of prominent citizens and officials of Jackson county passed through Richmond Tuesday enroute to Frankfort. They go to see what can be done toward securing state aid for the proposed good road between Richmond and McKee and on to Manchester, Clay county. In the delegation were County Judge C. P. Moore, Magistrate Hest and County Agent W. R. Reynolds. Madison county has already requested the State Road Department to make a survey of this road and to take all steps possible to hurry the work so that there may be some opportunity of pressing the claims and needs of this highway during the coming year. The Jackson people and officials are enthusiastic for the road and will cooperate in every way possible.

## "OLD RING" GETS A CHANCE IN HOUSE

Wicker's Bill To Exempt One Dog To Family Favored—House Kills Pass Bill

(By Associated Press)  
Frankfort, Ky., Jan. 31.—"Old Ring" was given a fighting chance to escape taxation today after a sharp battle in the House. The House Committee on Agriculture reported six bills, exempting one dog to the family but with the opinion they should not pass. When the sixth bill, that of J. B. Wicker, of Knott county, was reported he succeeded in having it read into the calendar by a vote of 60 to 39.

The minimum wage commission bill was given its first reading in the Senate today after a motion, which probably would have killed it, failed of passage by four votes. The vote was on a motion to indefinitely postpone it. The bill was reported earlier in the day "without expression of opinion."

Bryce (midfield, who was seated as representative from the Breathitt-Lee district, when Jas. H. Johnson was inserted last Friday, was sworn in.

House bill No. 85, introduced by W. T. Watkins, of Jefferson county, regulating illiterate, blind and disabled voters, was favorably reported by the committee on suffrage and elections.

A bill providing for a State constabulary was introduced in the house by Arch L. Hamilton, of Lexington.

A bill introduced by E. A. Hamilton, of Henry county, would place race track license fees at \$5,000 a day. The present rate is \$2,500 a day.

B. C. Beckman's bill relating to elections in first class cities and abolishing party emblems was favorably reported by the suffrage and election committee.

F. L. Strange's bill to regulate and enforce liens on gas, oil and mineral lands, was favorably reported by the committee on public roads and highways.

The committee on insurance, life and accident, reported (Cand D. Minor's bill amending the statutes relating to life insurance with an amendment.

Oscar P. Harvey, representative from Metcalfe county, is seriously ill at his home. It was announced by Representative C. L. Drury.

Representative W. G. Wheeler introduced a resolution for an investigation of the constitution of an amendment campaign of 1921.

The House, by a vote of 61 to 22, passed the senate resolution providing extra help for the clerks of the house and senate over the governor's veto. The senate took another action Friday.

Representative Frank J. Humbert is ill at his home at Louisville and Representative J. L. Richardson is at home on account of the illness of his daughter.

The house education committee No. 1 favorably reported Lee Clark's bill placing a poll tax of \$1 for schools on each male voter over 21 years old.

The house committee on military affairs favorably reported E. L. Frasier's bill creating Kentucky disabled ex-service men's board.

**Mrs. Lavinia Cunningham Wants Women Protected:**

Mrs. Lavinia Estell Chenuault Cunningham, of Paris, has had a bill drafted by an attorney which she will present to the present session of the Kentucky Legislature, providing for the appointment of a state attorney to "protect widows, orphans and weak people from fraudulent contracts and attorneys." The draft of the bill is as follows: "Be it enacted by the Legislature of the Kentucky General Assembly that a conscientious attorney be appointed as 'State Guardian' to protect widows, orphans and weak people, with a state salary, as New York state now has, from fraudulent courts and attorneys."

**Volsteadian Voice**  
Acce—You have a good voice. Why don't you cultivate it?

Denmic—Well, you see this is a dry climate and I can't get anything to irrigate it with.—Rice Thresher.

## FARM AND HOME CONFERENCE PROGRAM

Noted Speakers Scheduled For Various Departments At Lexington This Week

In preparing the program for the fourth Annual Farm and Home Conference, the College of Agriculture has made a special effort to arrange one touching all phases of Kentucky farm and home life.

The Rural Life Conference will continue throughout the four days of the convention, sessions having been arranged for each morning. All meetings in connection with the conference will be held in the Little Theatre located in White Hall on the University campus.

The program for farm women likewise will continue throughout the four days, sessions having been arranged for the afternoon of each day. These meetings also will be held in the Little Theatre. The remainder of the program is a varied one, having a special appeal for farmers, all sessions of which will be held in the live-stock pavilion of the College of Agriculture farm.

The Tuesday program will be of special interest to sheep raisers. Hog and poultry subjects will be stressed Wednesday. Separate sessions will be held in the pavilion for farmers interested in either of these subjects. Thursday has been set aside for considering beef cattle and potato subjects. Separate sessions relative to these subjects will be held in the pavilion. An excursion on the Friday program will be related to dairying.

Arrangements have been made for serving lunch to convention visitors in the pavilion each day at reasonable rates. Those attending the Rural Life Conference and the Women's Program can secure lunch in the University cafeteria located in the basement of the main building.

The evening sessions will be of interest to farm men and women special emphasis having been placed on this part of the program. Tuesday evening at 7:30 a Little International Livestock Show will be staged at the live-stock pavilion by students of the College of Agriculture. Wednesday evening at 7:30, Aaron Sapiro, California marketing expert, and Dean Sarah Louise Arnold, Simmons College, Boston, will give addresses. Thursday evening a banquet for farmers and their wives will be held at a place to be announced later.

**Tuesday, January 31, 1922**

T. R. Bryant, Chairman, Live-stock Pavilion:

10 to 12—Judging hogs and steers as the first step in a demonstration to point out the market requirements of carcasses of these two classes of livestock. The animals will be slaughtered and the carcasses judged later in the week.—J. P. Phillips, President of the Birmingham-Packing Company, and E. J. Wilford, College of Agriculture. At noon mutton lunch will be served in the pavilion.

## JOE BOGGS EXPLAINS ROAD BOND SYSTEM

Madison's State Engineer Tells How Roads Can Be Handled With No Increase Taxes

Louisville, Ky., Jan. 31.—Prominently in the minds of those who are considering the advisability of Kentucky voting a \$50,000,000 bond issue with which to construct a five-year period the primary road system of the state is the question of how those roads are going to be properly maintained during the life of the bond issue, while part of the revenues collected for road purposes is going into the sinking fund by which the bonds are to be retired.

To show how this can be done, State Highway Commissioner J. S. Boggs, at the request of the Kentucky Good Roads Association, has given some detailed explanation. His statement follows:

"The primary system of the state roads which, when completed, will put every county seat of Kentucky on at least two fine highways, has a total length of 14,000 miles and one of the most important problems in connection with this proposed construction is proper maintenance of these roads after they are built. A careful detailed estimate of this cost has been made by the State Highway Department in order to ascertain whether or not there will be money enough for the purpose without any further increase in taxation after a sufficient sum has been set aside for interest and sinking fund purposes to take care of the proposed bond issue.

"Of the 14,000 miles of road embraced in the primary system it is planned that 1,500 miles will be either a high grade asphalt or a reinforced concrete construction and the remaining 2,500 miles will be secondary road well built of macadam or gravel, with surface treatment by a bituminous oil over almost all of it.

"Based upon present revenues and without counting on any increase in them from an increased use of motor vehicles and gasoline and placing interest aid at \$1,400,000 per annum (there will be \$4,500,000 according annually to the road fund). Deducting \$3,000,000 a year for sinking fund and interest there is left \$1,500,000 annually for maintenance.

"During the construction period, or first five years, this will, it is believed, amount to very little. On that portion of the 2,500 miles of secondary road finished during the earlier part of the five-year construction period, there will be some maintenance, though not enough to be of very serious consideration. However, a more regular provision must be made for maintenance of both classes of roads between the fifth and tenth years.

"During this period the concrete or asphalt roads will require about \$100 a mile a year. A considerable part of the work at this time is the preservation of good drainage by keeping the ditches open. Maintenance of the concrete and asphalt will therefore be at this time surface treatment two or probably three times. This will consist of an oil treatment and cold patching where necessary. Some ditch work will also be required and the total cost a mile a year will be about \$400 of \$1,500,000 a year for the whole work. So maintenance of both classes of road aggregated annually during the period from the fifth to the tenth year, \$1,650,000 or \$8,250,000 for the whole time.

"The period between the tenth and fifteenth year will increase the maintenance on the concrete and asphalt roads to \$200 a mile a year. This is necessary in order to take care of small holes which experience shows will by that time begin to appear in their surfaces and to keep ditches open. Maintenance of the 2,500 miles for this period must be increased from \$400 to \$800 a mile a year. Besides surface treatment and care of drainage some new material will be required. For this period, therefore, maintenance will be at the rate of \$2,300,000 per annum, or \$11,500,000 for the five years.

"In the period between the 15th and 20th years the rate of normal cost of maintaining the road system indefinitely should be established. It is estimated that the

## Today's Livestock Markets

Louisville, Jan. 31.—Cattle 500; hogs 1,000; steady; sheep 50; steady; all unchanged.

Cincinnati, Jan. 31.—Cattle quiet; packing hogs 25c higher; Chicago 15c to 25c higher.

## GO AFTER 'SHINERS IN ROCKCASTLE

Prohibition raiders and officers have been busy in Rockcastle county lately. Last week Prohibition Officer Beckner, of London, and the sheriff destroyed a still on Negro Creek, consisting of a complete 100 gallon outfit.

Sheriff Dave Clark, deputy Sheriff J. W. Mink and Judge Can Mullins in a raid broke up two stills in the Crooked Creek section near the Salt Peter cave, one of 40 gallon and the other of 30 gallon capacity.

In circuit court at Mt. Vernon Oscar Greiner, Simme Throell, Hobe Hausel and Elmer Mize were each fined \$10 for drunkenness and the latter three were held over to the grand jury under bond of \$100 to tell where they procured their liquor.

Roscoe Mullins was tried on the same day and held to the grand jury on a charge of selling whisky. Bob Mize was tried on January 24th on the same charge and held to the grand jury.

E. S. Myers and Vic Mullins were each fined \$20 and five days in jail and George Herald and Solie Alcorn were fined \$15 and 5 days in jail by a jury. An appeal was taken. John Childers and Charley Childers, of the Crooked Creek section, who were under bond for appearance on the charge of selling whisky, forfeited their bond and judgment was taken against them.

annual charge against the concrete and asphalt roads will be at \$300 a mile a year, while that against the macadam and gravel roads will remain at about \$800 a mile a year. During the five-year period this will mean a cost of \$12,250,000 for upkeep of the entire system. At the same cost will, it is believed, continue indefinitely this rate per annum should be allowed for maintenance during the last ten years of the life of the bond issue. There fore maintenance for the first 20 years of the life of the bond issue in tabular form is as follows:

Fifth to tenth year	\$8,250,000
Tenth to 15th year	11,500,000
Fifteenth to 20th year	12,250,000
Total	\$33,000,000

Against this \$33,000,000 there will, even if there is no natural increase in these revenues, come into the road fund during this period of 20 years, \$30,000,000.

From experience in growth of the use of automobile traffic of both Kentucky and other states the increase in these revenues, without any increase in the rate of taxation will much more than take care of any excess of future maintenance costs over present revenue. This same statement holds good regarding the maintenance charges between the 20th and 30th years of the life of the bond issue.

"The sinking fund provision contemplates the sale of the bonds at 5 per cent, but best financial advice is to the effect that these bonds can be placed at par at 4 1/2 per cent. Furthermore, only 3 per cent is allowed on sinking fund investments, when there is good reason to believe that 3 1/2 per cent can be secured. These two savings could be carried into the maintenance fund and together with the increased revenues from the greater use of automobiles and consumption of gasoline would raise that fund to a figure considerably beyond the normal requirements for maintenance.

"Some test to the correctness of the estimated maintenance charges can be secured by consideration of what the department has spent this way during the last year and a half. There were 467 miles of road taken over by the department for strictly maintenance purposes. There was also an additional 22 miles charged to maintenance, but this was really construction work done by main-

## ALLEGED 'SHINERS PUT UNDER \$1,000 BONDS

All But One Give Bail After Being Held Over To February Grand Jury

Examining trial was held before County Judge John D. Goodloe, by all of the men captured by Sheriff Deatherage and his deputies on their moonshine raids late last week. Judge Goodloe fixed the bond in each case at \$1,000 for appearance of the men before the Madison county court next week.

William White, who was captured with a still near Athens Station, was made to give bond immediately. He told the judge if allowed to go home he would be able to find a headman for the judge and bid him to come over the phone from jail.

George Stark gave \$1,000 bond with Marshall White, a head man, and John White, a head man, as sureties. Bond men Bert Hamstead and John Giles Hamster, Carl Hamstead and William Isely, who were captured with a still near Athens Station, were made to give bond immediately. These three men were captured on the night of the raid.

These men were working at the still in a nearly hidden place, according to the officers, and the raid was made after the men had gone to bed. The officers said that the barrels of moonshine were packed on the still and were found in the still. The officers said that the barrels were found in the still and were found in the still. The officers said that the barrels were found in the still and were found in the still.

The officers said that the barrels of moonshine were packed on the still and were found in the still. The officers said that the barrels were found in the still and were found in the still. The officers said that the barrels were found in the still and were found in the still. The officers said that the barrels were found in the still and were found in the still.

Louisville, Jan. 31.—The eighth annual meeting of the Kentucky Derby will be held at Churchill Downs, May 13, according to announcement made today. Nominations for the race will close February 21.

## Fatal Fall Through Ice

(By Associated Press)  
Hartford, Jan. 31.—The 24-year-old son of a local doctor, who was drowned when the ice broke while he was skating on a pond. His body was recovered three hours later.

## Youth Believed Dying From Drinking Moonshine

Madisonville, Jan. 31.—A youth, 16 years old, was believed to be dying at the county jail here as a result of drinking moonshine.

tenance crew. Of the 467 miles in question 125 miles were on road. The rest was old road in varying degrees of repair when the department had decided to accept from county authorities and being in sufficiently good condition to justify state maintenance. A very large part of it required the maximum expenditure for this purpose which the department would allow. There was, of course, substantially no cost of maintenance for the new road. However, considering the entire 467 miles together as being under maintenance the average was \$400 a mile for this year and one-half from July 1, 1920, to January 1, 1922.

"When the question of maintenance is analyzed in detail it soon becomes evident what a great length of time it would take to complete the primary road system by the pay-as-you-go method of expenditure and this is assuming there would be no legislative diversion whatever from the funds which now are devoted to road purposes."

## GREAT SUNDAY SCHOOL CAMPAIGN STARTED

Two Days' Conference Held Here Discussed Plans For County's Christian Churches

The Christian Sunday Schools of Madison county had a conference Friday and Saturday in the First Christian church, Richmond. The conference was attended by all the preachers, superintendents and Christian Sunday School teachers of Madison county.

Miss Gilbert, the state temporary superintendent of Kentucky, presided at the conference. Friday night, Miss Gilbert lectured on "Qualifications of Sunday School Teachers and Preparation of Sunday School Lessons." Saturday morning, Miss Gilbert lectured at the Normal school assembly. Saturday afternoon she discussed the use of graded Sunday School lessons in preference to the ungraded plan of lessons. The principle of graded lessons is now being established. Small schools should become familiar with the graded plan. Miss Gilbert gave the following plan to the county Sunday School teachers:

The Elementary Division: The grade work, one hour each for 1 year; Beginners, ages 4 and 5; primary, ages 6, 7 and 8; intermediate, ages 9, 10, 11, and 12.

The Secondary Division: Intermediate, ages 13 and 14; senior, 15, 16 and 17; young people, 18 to 24.

Adult Division: Ages 25 and over.

Home Department.

The Sunday Schools of Madison county are eager to develop Miss Gilbert's plan of organization.

Miss Mary O. Covington, the temporary superintendent of Madison county, presided at the conference and assisted Miss Gilbert. Miss Covington was assisted by several children. The children from various churches had charge of the program. They read scripture lessons, prayed and gave musical selections. Each county Sunday School should use this plan in developing the young people for Christian leadership.

The Christian Sunday School teachers of Madison county are being organized into a Madison County Sunday School Club. This club is planning to have frequent conferences for all the Sunday School teachers of the county. The next conference will be held some time in March. This will be visiting Sunday for the county teachers. They will assemble in small groups and visit various Sunday School classes in First Christian church, Richmond.

Madison county is just beginning a great religious campaign. In Sunday School work, Madison county is challenging the call for better teachers, better Sunday School method, and a greater number of children in the Sunday School. Are you helping Madison county to become the greatest religious center in Kentucky? Help by joining today.

## GREAT SUNDAY SCHOOL CAMPAIGN STARTED

Two Days' Conference Held Here Discussed Plans For County's Christian Churches

The Christian Sunday School of Madison county had a conference Friday and Saturday at the first Christian church, Richmond. The conference was attended by all the preachers, superintendents, and Christian Sunday School teachers of Madison county.

Miss Gilbert, the state primary superintendent of Kentucky, conducted the conference. Friday night, Miss Gilbert lectured on "Qualification of Sunday School Teachers and Presentation of Sunday School Lessons." Saturday morning, Miss Gilbert lectured at the Normal School, a session. Saturday afternoon she discussed the use of graded Sunday School lessons in preference to the ungraded plan of lessons. The plan of graded lessons is now fully established. Small schools should have familiar with the graded plan. Miss Gilbert gave the following plan to the county Sunday School teachers:

The Elementary Division—The grade roll, age from birth to 10 years; Beginners, ages 1 and 2; primary, ages 3, 4, 5, 6, 7, 8, 9, 10, 11, and 12.

The Secondary Division—Intermediate, ages 13 and 14; senior, 15, 16 and 17; young people, 18 to 24.

Adult Division—Ages 25 and over.

The Sunday Schools of Madison county are eager to develop Miss Gilbert's plan of organization.

Miss Mary O. Covington, Elementary Superintendent of Madison county, presided at the conference and assisted Miss Gilbert. Miss Covington was assisted by several children. The children from various churches had charge of the program. They read scripture lessons, prayed and gave musical selections. Each county Sunday School should use the plan in developing the young people for Christian leadership.

The Christian Sunday School teachers of Madison county are being organized into a Madison County Sunday School Club. This club is planning to have frequent conferences for all the Sunday School teachers of the county. The next conference will be held some time in March. This will be visiting Sunday for the county teachers. They will assemble in small groups and visit various Sunday School classes in First Christian church, Richmond.

Madison county is just beginning a great religious campaign. Sunday School work, Madison county is challenging the call for better teachers, better Sunday School methods, and a greater number of children in the Sunday School. Are you helping Madison county to become the greatest religious center in Kentucky? Begin helping today.

### VALLEY VIEW

Mr. and Mrs. Robert Howard, of Cottonburg, spent Sunday evening with the latter's mother, Mrs. H. H. Tudor.

Mrs. John G. G. of Knox county, has been visiting her mother, Mrs. H. H. Tudor.

Misses Grace Garrett and Myrtle Harvey and Messrs. Cecil Saunders and Edward Rhoads visited Mr. and Mrs. William W. H. Wednesday night.

Mrs. J. C. Ashcraft and W. A. Tiller were in Richmond on business Thursday.

Mr. and Mrs. Clark Ashcraft

### The Best Cough Medicine

When a druggist finds that his customers all speak well of a certain preparation, he forms a good opinion of it and when in need of such a medicine is able to certain to use it himself and in his family. This is why so many druggists use and recommend Chamberlain's Cough Remedy. J. B. Jones, a well-known druggist, of Cynthiana, Ky., says "I have used Chamberlain's Cough Remedy in my family for the past seven years and have found it to be the best cough medicine I have ever known."

Mrs. J. S. Collins is the guest of Mr. and Mrs. William Collins at Stauch, Ky. Miss Cynthia Davison left Tuesday for the College of Mu-

**SUFFERERS** from chronic indigestion will find quick relief from a few doses of Dr. Caldwell's Syrup Pepsin. It gives you artificiality the pepsin nature may have deprived you of and the lack of which causes dyspepsia. You will find it much more effective than chewing tablets and flavored candies.

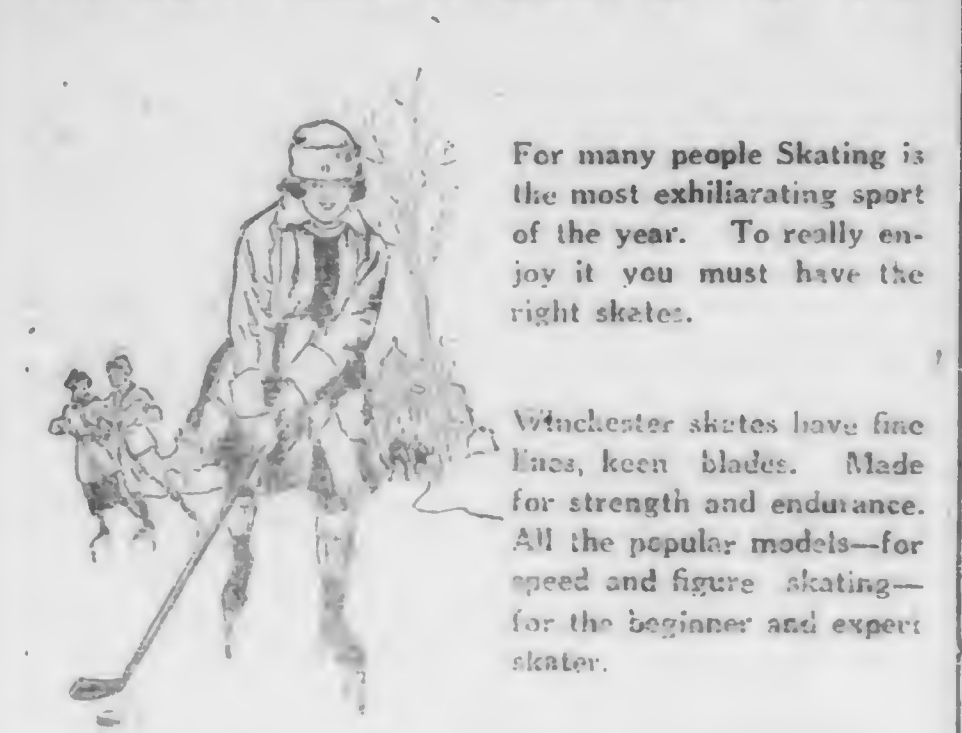

**DR. CALDWELL'S SYRUP PEPSIN THE FAMILY LAXATIVE**

Dr. Caldwell's Syrup Pepsin contains ingredients effective in dyspepsia and constipation. It is a combination of Egyptian Senna and other simple laxative herbs with pepsin. The formula is on the package. It has been successfully used for 30 years. Try it! One bottle will prove its worth.

**HALF-OUNCE BOTTLE FREE**

Two escape constipation, so even if you do not require a laxative, this remedy is most useful. You will find it a valuable first aid remedy. **FREE OF CHARGE** to those who will have a handy bottle. Send your name and address to Dr. W. H. Caldwell, 612 Washington St., Monticello, Ill. No money.

## THE MOST THRILLING SPORT OF THE YEAR

For many people Skating is the most exhilarating sport of the year. To really enjoy it you must have the right skates.

Winchester skates have fine lines, keen blades. Made for strength and endurance. All the popular models—for speed and figure skating—for the beginner and expert skater.
